LYNCHING IN A PENITENTIARY

Rawlins, Wyo., Oct. 2.—Convicts at the Wyoming state prison today lynched Frank Wigfall, a negro and exconvict, who late last night was put in the state institution for safe keeping. Wigfall was arrested on a charge of attacking Mrs. Esther Higgins, aged 78, last Sunday. He was arrested at Fort Steele, 15 miles from here.

Mrs. Higgins, the aged victim of the negro's attack, lived near the state penitentiary and was a favorite with the prisoners.

Last night a mob gathered and made an unsuccessful attempt to take Wigfall from the coroner's jury. Fearing that the mob might return later, the officers reported to Governor Carey at Cheyenne and received orders to transfer the negro to the state prison.

Wigfall was placed in a cell on the third floor. This morning as the other convicts passed the cell on their way to breakfast the negro laughed and boasted about his deed. This incensed the prisoners, who quickly and quietly perfected their plans for vengeance.

After breakfast, with 150 convicts in the prison yard, about half of them started for the cell house. They overpowered the keeper. Then one of the convicts produced a rope which he had secreted under his coat. A half hitch was placed around the negro's neck and he was dropped from the cell house balcony, a distance of thirty feet.

Wigfall's neck was broken. The time consumed in the lynching was less than five minutes and so quietly did the prisoners work that none but the cell house keeper, who was overpowered, knew what was happening. The lynchers then returned to their work.

"The first man that squeals is the next man hanged," was the warning whispered to all prisoners after the

lynching, according to a statement credited to Warden Alston.

"Granny Higgins," as she was known among the prisoners, was known for her kindness to the sick and afflicted. She will survive.

Getting Ready for Great Naval Show.

New York, Oct. 3.—The first of the American warships that will take part in the great naval review here week after next has put in an appearance and another week, it is expected, will see all of the ships, big and little, swinging at anchor in the Hudson. So numerous will the craft be that they will form an almost unbroken column extending from a point opposite Twenty-third street up the river as far as Yonkers. More than 700,000 tons of fighting ships and naval auxiliaries will be in the display, and of this grand total more than 450,000 tons will be superdreadnoughts, dreadnoughts, first-class battleships and armored cruisers.

Wife Slayer to Hang.

Montreal, Oct. 3.—Apparently reconciled to his fate, though with little left of the iron nerve that he displayed throughout his trial, John Cummings, the wife slayer, is awaiting the dawn of tomorrow, when he will mount the scaffold in the Montreal jail to pay the full penalty of the law. The crime for which he is to be executed was committed on November 21 last. Early in the evening of that day Cummings approached his wife, with whom he had not been living for some time, as she was walking in the street with a young man, and fired two shots, killing her almost instantly. The evidence showed that Cummings had been drinking on the day of the murder, and that he had previously made threats against his wife.

SULZER NOMINATED FOR GOVERNOR

Coonvention Hall, Syracuse, N. Y., Oct. 3.—William Sulzer, representative in congress from New York City, was nominated for governor early this morning by the democratic State convention. It was the seventh time he has been a candidate for this nomination.

Mr. Sulzer was formally declared the choice of the party on the fourth ballot, after the name of Gov. Dix had been withdrawn. Martin H. Glynn was named for lieutenant governor.

Syracuse, N. Y., Oct. 2.—Alton B. Parker took the opportunity afforded by his speech today as permanent chairman of the Democratic State convention to answer his critics at the Baltimore convention. It was the first political speech the former Presidential candidate had made since he was the storm-center of the battle waged at Baltimore by W. J. Bryan against his selection as temporary chairman of that gathering. In defending himself he also defended the New York state delegation, which also was the object of Mr. Bryan's most fervid attacks.

Desire for Harmony.

Judge Parker said the action of the New York delegation at Baltimore was dictated by the desire to promote harmony.

"You may ask me," he said, "why did the New York delegation, with ninety men, fail to discuss the attack which was made indirectly and directly, upon the delegates and upon myself; why did they keep silent? Because we believe it was better that we should suffer a little indignity than by entering into a dispute with the gentleman upon the platform (Mr. Bryan) and divide that convention in two, and we held our peace."

"We held our peace for the good of democracy; we held our peace believing that either Clark or Wilson would be nominated, and we demonstrated that New York state should take no part in that contest which would prevent the people of the United States from uniting all together to elect either one of them which should be the nominee of the party."

BULL MOOSER WILL SPEAK THIS EVENING

Spiritualists Gather in Dallas.

The president of the association is Dr. George B. Warne of Chicago, who will preside at the convention. Among the speakers will be some of the foremost lecturers and mediums of America and Europe.

Odds of 4 to 1 Against Roosevelt.

New York, Oct. 3.—Betting odds in Wall street on election results took a further turn against Roosevelt today and wagers were recorded at 4 to 1 against the Progressive candidate. Taft's chances as reflected in the betting moved up correspondingly so that he now is placed second, with Wilson leading. Odds are 3 to 1 against Taft and 2 to 1 in favor of Wilson.

Shortly after the National convention adjourned much money was bet in Wall street at 4 to 1 against Taft, 3 to 1 against Roosevelt and 2 to 1 on Wilson. Betting was active for a time at these figures.

Curb brokers specialized on election wagers said today that returning prosperity had helped Taft's standing in the odds, but the main factor against Roosevelt, they said, was the

many reports received of the breaking up of Roosevelt's campaign.

Brokers added that for weeks they had had money to bet at 2 to 1 on Wilson, but there had been few takers.

HARRISON PORTER CAPTURED AT HANNAH

Harrison Porter, an Indian who jumped his bond on the day of his trial nearly two years ago, was arrested at Hannah and brought back to Ada Tuesday by Sheriff Mitchell.

Porter told the sheriff that he left because some men had told him that they were going to lynch him, and this frightened him so badly that he lost no time in making for the Creek country where he has lived among the Snakes ever since. He always managed to get wind of his pursuers when they went to that section, and managed to elude them until a few days ago. After his wife obtained a divorce here he married a Creek woman.

He says he was never afraid to face his trial here, but did not know how much of a joke it might be when told he was to be lynched in two hours. He is now in the county jail where he will await his trial.

Remember that we handle the very best Coal, there is many poor mines in a district that is supposed to be good. We buy only from the best and where they prepare it best, there is a fire clay in all mines in this state, the least bit of fire clay in coal will cause it to clinker, the fire clay will get into all coal that is mined by the blasting process, we buy only machine mined coal which is the only process that will insure no fire clay, in mining with machines there is a roof and a floor left of coal and there is no way for it to get in, machine mined coal goes on the market at a much higher price than blasted coal, but we have always thought that our customers wanted the best and we have got it for them and sold it for about the same price some sells a low grade of coal for, also remember that we load our wagons with a fork which insures no slack, we can burn our slack under our boilers, and realize something out of it while it is worthless for stove use. We are the only coal dealers in town that has use for slack, what ever amount of slack you get in your coal is the real amount of shortage you have, as it is the same as no coal. MEAN WILSON TO SWEEP COUNTRY

Democratic Gains in Vermont and Maine Impressive.

OTHER PARTIES' PLIGHT

Third Termers to Poll Their Entire Strength From the Rapidly Thinning Republican Ranks.

That the result of the state elections in Vermont and Maine mean a tremendous Democratic victory in November, is freely admitted by all except the bitterest partisans. Political experts have done some analyzing, and some claim to have reached novel conclusions. But these facts stand out:

On Monday, September 9, 1912, the Republican and Third Term parties combined elected William T. Haines governor of Maine, over Frederick W. Plaisted, the present Democratic incumbent, by 3,023 plurality; in 1908, a presidential year, a Republican was elected governor by 7,653 plurality; in 1904, the plurality was 25,800, and in 1900 it was 34,132. In other words, in 12 years the Democrats have cut down the Republican plurality in state elections by 31,109.

In this period the Democratic vote has increased from 39,000 to 68,000 whereas the Republican vote has decreased from 74,000 to 71,000. The Democratic vote of this year exceeds that of September, 1908, by 1,000, but the Republican vote is about 2,000 less than that party cast four years ago.

The split in the Republican ranks, following the election of William T. Haines, is pronounced. If the division in Maine in November is as it was in the recent Vermont election, six-tenths of the Republican vote will go for Taft, three-tenths for Roosevelt, and one-tenth for the Democrats. It is significant that the latter party has to date suffered no losses, as compared with the vote in previous years, from the Third Term movement. On the contrary, it has gained. The result in Maine may be expected to be something like this: Wilson, 74,000; Taft, 42,600; Roosevelt, 21,300.

The returns from the recent Vermont election show, in round figures, that the joint Republican and third party vote was eight per cent, short of the Republican vote four years ago, while the Democratic vote in that state shows a gain of twenty-five per cent, over that of 1908. It is of special interest to speculate what will happen next November throughout the nation if the Republican and Democratic vote for the national tickets happen to be affected as the gubernatorial vote this month in Vermont has been affected. The New York Evening Post has done some interesting figuring along this line and as a net result it is shown that, under the contingencies mentioned, President Taft would carry only two states in November, Rhode Island and Vermont, all the others going for Gov. Wilson. The conclusions reached by the Post follow:

"To compute this result we should have to deduct 8 per cent, from the vote cast for Taft four years ago and apportion the remaining vote in the ratio of 62 to 38 between Taft and Roosevelt, and we should have to add 35 per cent, to Bryan's vote in 1908, and give the 'demnition total' to Woodrow Wilson. In other words, give Taft 57 per cent, and Roosevelt 35 per cent, of Taft's vote four years ago, and give Wilson 125 per cent, of Bryan's vote four years ago.

"The result in round numbers would be as follows, so far as regards Taft and Wilson.

Alabama State Fair Opens.

Birmingham, Ala., Oct. 3.—The Alabama State Fair opened today under conditions that promise one of the most successful exhibitions ever held here. Aeroplane flights, motorcycle racing, a festival of music and a variety of other free attractions insure ample entertainment for the visitors. The exhibits in the agricultural hall are of the finest, and in the stock department the pens are

crowded with blue-ribbon animals. The display of swine, sheep and poultry are above the average and the woman's department embraces articles from all over Alabama and some of the neighboring states. The fair will continue for ten days.

A. R. Sugg returned last evening from a trip to Pauls Valley. He came via Shawnee and reports that he found Otis Weaver able to sit up.

Boils, Rashes, Pimples, Etc.

When the blood becomes infected with any unhealthy humor the effect is shown by boils, pimples, and rashes or eruptions on the skin. Humors get into the blood usually because of an inactive condition of the eliminative members. Thus unhealthy matter is left in the system to sour and ferment and be absorbed into the circulation. Remove these humors and no skin trouble can exist, because its very source is then removed. Boils, rashes, pimples, etc. can never be cured through the application of external medicines, because such treatment can have no possible effect on the blood; the most to be obtained from such measures is temporary relief. S. S. S. CURES all skin affections because it purifies the blood. It goes down into the circulation and cleanses it of every particle of unhealthy matter. Then the blood exercises its normal function of supplying nourishment to the cuticle instead of irritating it with a fiery humor. If you have any skin trouble you could not do better than purify your blood with S. S. S. It does not "patch up" it cures. Book on Skin Diseases and any medical advice free.
